### ABOUT MERINO GROUP

The Merino Group has been a leading player in the laminates and panel industry. The first product was plywood, launched in 1974 and later it spread its wings into high-pressure decorative laminates in 1981. The Group has diverse business interests expanding into Interior Architectural Products, Information Technology and Food & Agro business. Merino Group has an annual turnover of 280+ million USD with a global market presence in over five continents. Over 5000 employees, 5 production units and more than six allied surface solutions having endless design possibilities are what ensure a consistent range of superior quality products and the Group's continuous significant growth in the challenging market scenario. With innovation and perfection at its core, Merino commits to the highest manufacturing standards with a strong customer support.

### OUR CORPORATE PHILOSOPHY

Our business is built on the steady pillars of a globally relevant mission, a far-reaching vision and a strong three-pronged motto.

**Vision**

Global Competence and Global Competitiveness in every line of business by synergizing western work culture and Indian ethos.

**Mission**

Universal weal through trade and industry

**Motto**

Economy | Excellence | Ethics

Excellence in Economy is:

Economic, when founded on Work Ethics.

Sustainable, when nourished by Moral Ethics.

**Inspiration**

"Arise, Awake and Stop Not till the Goal is Reached." -

Swami Vivekananda

### ABOUT MERINO LAMINATES

Merino Laminates is a leading manufacturer and exporter in the Interior & Architectural segment. Driven by product innovation and experiential industry adeptness to compliment the diverse needs of the interior and architectural segment, Merino has expanded its product portfolio by offering a wide gamut of latest surface products such as MR + Tuff Gloss Laminates, Post forming Laminates, Compact laminates, Anti-fingerprint Laminates, Panel products, Wall Claddings, solid surfaces, Merino Restroom Cubicles, Stone Veneers and many more which are available in plethora of timeless designs, distinctive finishes, aesthetic decors, vibrant colors and varied textures. Merino Laminates are customised for individual projects and are offered with specialised features including weather resistance, non-corrosiveness, scratch and abrasion resistance, dimensional stability etc. With a huge production capacity spread across the country, Merino Laminates has a global presence in more than 70 countries.

### CERTIFICATIONS & ACCREDITATION

At Merino, we are passionate about quality and innovation. Merino adheres to high safety standards and environmentally sustainable practices and ensures ease-of-application, short installation period and easy product maintenance. Through ERP, the company has an integrated operational process, ensuring transparency and on-time information to customers and service providers. Our Research & Development is sincerely dedicated towards its efforts to innovation in product design and advancement in technology. Our unique collection of superior quality products is an industry hallmark. Experts across the world add to our technical knowledge and industrial experience.

"IGBC - MP - 081076"

The world isn't just our planet,  
it's our home.  
Here hope speaks the language of love,  
Emotions take the form of relationship,  
Magic coexists with inspirations,  
And strength stands for beauty.

This beautifully strong home  
never ceases to amuse us,  
And that's why,  
it is the muse to our canvas.

# MATT Meister

## Anti - Fingerprint Matt Panels

Engineered with a specialized technology, the range is made up of an anti-fingerprint surface with a smooth satin finish. Matt Meister is Super Matt surface with PU+ and multiple acrylic coating done on melamine board/compact. It's resistant to scratches, dry heat and is available in variety of colours. PU+ and multi-acrylic layers create entirely new surface properties as compared to classic varnished surfaces. This technology makes the surface lastingly elastic and improves its processability as single solid surface.

## MEISTER ANTI FINGER PRINT TECHNOLOGY

Introducing meister anti finger print technology, innovative, extremely matt material for vertical and horizontal applications. Meister anti finger print is a range of surface unlike you've ever seen. Merino manufactures its matt meister product by curing the top most layer of modified acrylic with specific ray under highly controlled inert conditions. This specific ray reacts with modified acrylic layer that imparts anti finger print property to the surface.

\*Image shown are for reference, actual colour may vary.

**Matt Meister is available in different substrates**

### AVAILABILITY

☑ MDF

☑ COMPACT

#### Disclaimer:

Matt Meister does not have self-cleaning properties. Marks left by sweat, oily or dirty fingers must be cleaned with a soft damp cloth and little dish soap. In case of stronger marks, wipe with Melamine foam. There is minor colour variation seen in coated products as compared to same colour laminates or edge bands. We recommend you asking for samples before ordering the same.

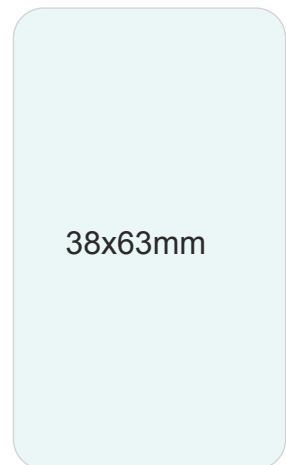

# Luvih

LUXURY, BEYOND THE ORDINARY

The world of Luvih contains fascinating elements that serve as an inspiration for beautiful interiors. The pristine aqua of rare springs, the aging texture of fine woods, the voracious fires, the fertile earth, the gleaming presence of precious metals and the quintessential winds all complete this gold dust setting of magnificent nature. These elements stimulate our latent desire for the less ordinary and serve as luxury, a fitting ode to our latest offering. A perfect muse for this artistry.

# LAMINATURE

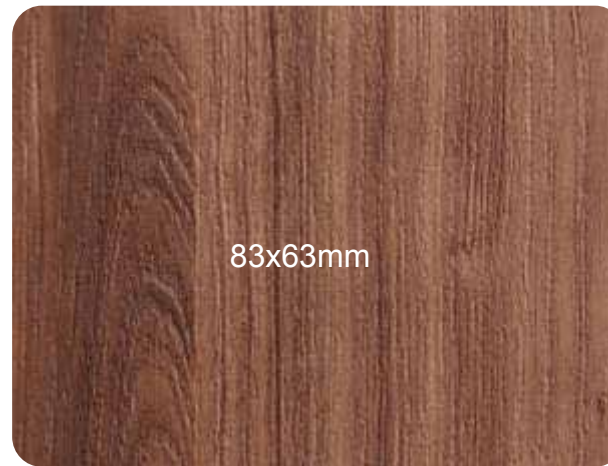

## THE SYNCHRONIZED LAMINATES

Merino Synchronized Laminates are embellished laminates with textures that give a refined tactile feel. The laminates explore multiple mediums to enhance that particular feel. The surface texture is seamlessly synchronized with the decor patterns and this effortless synchronization makes the laminates indistinguishable from solid wood and veneers.

# IMAGINO

## Customisation Unleashed

Introducing Merino's Imagino, where freedom for customisation unleashes. We have brought together our expertise and experience to push the boundaries of adaptation and create new possibilities of customisation. Tapping into constantly evolving technology, Merino has created laminates which can be customised with personal designs and images. Furthermore, they are endowed with technology which enables endless modification of textures and designs. Be it unique designs, distinguished features, vivid colours, exotic aesthetics or personal photos, our digital laminates enable you to literally bring alive your imagination.

Scratch Resistant

Moisture Resistant

Impact Resistance

Stain Resistant

# STOVEN

## ART OF NATURAL STONE

### **BEND STONE TO YOUR WILL** NATURAL, FLEXIBLE, VERSATILE

Merino brings the warmth and the luxurious charm of natural stone with its new offering - STOVEN Stone Veneers. Made from real natural stone, the engineering process of combining the strength of fiber glass and thin layers of beautiful natural stone creates hundreds of new possibilities where natural stone can be enjoyed.

Stoven is available in 16 rich veneers. As each of the veneers are made of actual stone, the color and texture of surfaces expectedly vary, but these lovely variations only serve to add a natural beauty and appeal to the product and the projects they're used for.

Stoven is available in a variety of specialty backing to adapt to multiple applications

NSF International has certified Merino Industries Limited Hapur for Work Surface in CG5 and HGS grade. For further product listing information visit [www.nsf.org/certified-products-systems](http://www.nsf.org/certified-products-systems).

**Disclaimer:** Prices vary with respect to type, finish, thickness, size and colour. Please consult with our branches/dealers/factories before quoting. Advance notice of intended discontinued items will be made known to our regular customers. Our company shall not be held liable for any consequences resulted from disruption of supply.  
High Pressure Laminate are meant for indoor use unless they are of exterior grade that are strictly on indent basis only. Avoid using on areas exposed to direct sunshine or light reflective areas.  
Limited Warranty: Merino Industries Ltd. warrant that, under normal use and services, the material and workmanship of their products shall conform to the standards set forth on the applicable technical data sheet for a period of twelve (12) months from the date of sale to the first consumer purchaser. Dealers and distributors are provided with the technical data sheets, which contain specific standards of performance for the products. In the event that a Merino Industries Ltd. product does not perform as warranted, the first purchaser's sole remedy shall be limited to repair or replacement of all or any part of the product, which is defective, at the manufacturer's sole discretion. This warranty is not transferable, and expires upon resale or transfer by first consumer purchaser. This warranty shall not apply to defects or damage arising from any of the following: Accidents, abuse or misuse, exposure to extreme temperature, improper fabrication or installation, improper maintenance. No other warranties, expressed or implied are made. Under no circumstances shall the manufacturer be liable for any loss or damage arising from the purchase, use or inability to use this product or for any special, indirect, incidental or consequential damages. No fabricator, installer, dealer, agent or employee of Merino Industries Ltd. has the authority to modify the obligation or limitation of the warranty.  
**This is for sample purpose only. Not for sale.**
